Parsons, NY

Timeline

2019 (expected)—

Product Designer

Facebook NY

2018

Product Design Intern

Facebook Design Tools

Led the redesign of an internal tool that enables Facebook designers to communicate design intention to engineers.

2017—2018

**Lead App Designer
and iOS Developer**

BetterFood SpA (Fork)

2017—2019 (exp)

**Design and
Technology MFA**

The New School, Parsons

2017

Awarded The New School Provost's Scholarship

2017

**Introduction to App
Design (Teacher)**

Universidad Católica de Chile

Created and taught a 30-hour course on mobile UI design. Guided the projects of 19 graduate designers across 3 instances of the course.

2015—2016

**UX Engineer
(iOS Prototyper)**

Google Search UX Group

Created native iOS prototypes for design exploration and research, plus Swift frameworks to support their rapid creation and on-the-fly tweaking.

2015—now	Designer and iOS Developer	<h3>Doppi and Cromi</h3> <p>Created Doppi, a simple music player, and Cromi, an app for Santiago's public transit system. These are passion projects developed on my free time.</p>
2013—2014	Product Designer, Web	<h3>Seahorse, Inc.</h3> <p>Designed, prototyped, and provided direction for the all-new web client of a now-defunct private photo album sharing service called Seahorse.</p>
2013	Awarded Apple WWDC Student Scholarship	
2009—2015	Designer and iOS UI Developer	<h3>Cuánto Falta, et al</h3> <p>Co-created and developed the interface on the first and best iOS app for Santiago's public transit system, among other projects.</p>
2009—2015	Design Bachelor of Arts	<h3>Universidad Católica de Chile</h3> <p>Executive Secretary at our Student Union in 2012, in charge of public communications and web. TA for the Information Design course during 2013.</p>
2009	Web Designer and Developer	<h3>Orelworks/OW (Web ad agency)</h3>
2008	Web Designer	<h3>Betazeta Networks</h3> <p>First designer hired at the then-largest Spanish language blog network, while a senior in high school. Corporate site design was in use for years.</p>
2008—2010	Front-end Designer and Developer	<h3>ONDA</h3> <p>Independent transdisciplinary web collective that developed an online radio, blogs in politics, tech, and gaming, among other experiments.</p>
